47. *Thessaloniki International Film Festival, November 17 – 26, 2006*

Crossroads: November 22 – 24, 2007

Deadline: 10.8.2007

Crossroads is a Co-Production Forum of the Thessaloniki International Film Festival. Crossroads' goal is to support the producers of **feature-length fiction film projects that contain a link to the Mediterranean and Balkan regions.** Qualifying features will be produced or co-produced by a country in this area or are films that contain story elements based in this region.

Crossroads projects will be selected based on the quality of the script, the creative team and the likelihood of being made. Two professional readers from different countries will evaluate the script using a scoring system of 10 points. The organizers will award up to 10 more points based on experience of the production team and the financing in place. Up to 25 producers whose projects score highest of the 30 potential points will be invited to attend.

Crossroads introduces Mediterranean and Balkan producers to a variety of industry professionals from all over the world. The programme provides the opportunity to meet, formally and informally, distributors, broadcasters, sales agents and consultants who can offer confidential advice on everything, from legal matters to strategies for raising money.

Crossroads aims at a strong selection of projects from the Mediterranean and the Balkans, giving the producers the opportunity to present their ideas to a number of potential partners during 3-day event in Thessaloniki.
